

Suicide Prevention

Alaska Resource Quick Reference

Mental health challenges come in many forms, from all walks of life. This guide is a reference to some resources that exist in Alaska and nationally to help you or someone you care about that might be facing a mental health need.

If you are in crisis, or experiencing thoughts of suicide, please text the Crisis Text Line (text HELLO to 741741) or call the Suicide and Crisis Lifeline by dialing 988 or 1-800-273-TALK (8255).

Both services are free and available, 24 hours a day, seven days a week.

IF YOU ARE EXPERIENCING A LIFE-THREATENING EMERGENCY, PLEASE CALL 911 or go immediately to your local emergency room.
