## INDEPENDENT AUDITORS' REPORT

To the Board of Directors,  
Alaska Public Media, Inc.:

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of Alaska Public Media, Inc. (the "Corporation"), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Corporation as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for one year after the date that the financial statements are issued.

#### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement

when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

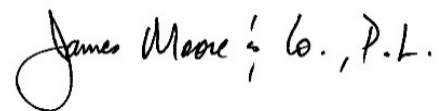

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Activities by Department is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

are an integral part of these statements.

**ALASKA PUBLIC MEDIA, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

(1) **Summary of Significant Accounting Policies:**

(a) **Organization**—Alaska Public Media, Inc. (the “Corporation”) is a nonprofit corporation organized to provide educational television and radio broadcasting in the State of Alaska. In previous years, the Corporation operated as Alaska Public Telecommunications, Inc. dba Alaska Public Media. The Corporation is licensed to operate television station KAKM, channel 7, and radio station KSKA, FM 91.1 in Anchorage, Alaska. The Corporation also operates Statewide News which provides Alaska news programming to all of the public radio stations in the state.

(b) **Basis of accounting**—The accounts of the Corporation are maintained in conformity with the principles of accounting of not-for-profit accounting and have been prepared on the accrual basis.

(c) **Basis of presentation**—The Corporation reports net assets based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Corporation and changes therein are classified and reported as follows:

**Net assets without donor restrictions**—Net assets that are not subject to donor-imposed stipulations.

**Net assets with donor restrictions**—Net assets subject to donor-imposed stipulations. Some donor-imposed restrictions are temporary in nature, such as those that will be met either by actions of the Corporation and/or passage of time. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by laws. Expirations of net assets with donor restrictions (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Corporation reports the support as unrestricted.

At June 30, 2022, net assets with donor restrictions included unspent American Rescue Plan Act (“ARPA”) Stabilization grant funds, Alaska Center for Excellence in Journalism (“ACEJ”) grant funds, and Robert Wood Johnson Foundation (“RWJF”) grant funds. At June 30, 2021, net assets with donor restrictions included unspent ARPA Stabilization grant funds, Community Service Grant (“CSG”) funds, and RWJF grant funds. ARPA Stabilization grant funds are restricted to maintain programming and services and preserve the ability of stations to respond to the global pandemic, coronavirus disease “COVID-19”. ACEJ and RWJF grant funds are restricted to spending on educational programming. CSG funds are restricted as described in the General Provisions.

(d) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, results could differ from those estimates.

**ALASKA PUBLIC MEDIA, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

(1) **Summary of Significant Accounting Policies:** (Continued)

(e) **Cash and cash equivalents**—For purposes of the statements of cash flows, management considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. Restricted cash and cash equivalents include unspent grant funds that were contributed with donor restrictions.

(f) **Accounts and pledges receivable**—Accounts and pledges receivable are carried at original amounts billed or pledged, less an estimate for doubtful accounts based on periodic review by management. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to certain types of receivables. The Corporation does not require collateral or other security on accounts receivable. There was no allowance for doubtful accounts for accounts receivable recorded at June 30, 2022 and 2021. There were no pledge receivables at June 30, 2022 and 2021.

(g) **Investments**—Investments are carried at fair value, and realized and unrealized gains and losses are reflected in the accompanying statements of activities. See Note 5 for further information on fair value reporting.

(h) **Investment in transmission facilities**—The Corporation uses the cost or equity methods to account for all its investments in transmission facilities. See Note 7 for further information.

(i) **Property and equipment**—Property and equipment are reported at historical cost. Contributed assets are reported at fair value as of the date received. The Corporation capitalizes all property and equipment costing \$5,000 or more. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation for financial reporting purposes is computed using the straight-line basis over the estimated useful lives of the assets as follows:

|                            | Years        |
|----------------------------|--------------|
| Buildings and improvements | 5 – 35 years |
| Equipment                  | 3 – 20 years |
| Furniture and fixtures     | 3 – 10 years |

Property and equipment are analyzed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. There were no impaired assets at June 30, 2022 and 2021.

Property acquired under capital leases is capitalized at the net present value of the lease including any bargain purchase option. Assets are amortized over the life of similar purchased assets.

Property purchased with certain grant funds will revert to the funding agency if the Corporation is dissolved or the property is declared a surplus. Proceeds for the sale of assets originally purchased with state or federal grant funds may be required to be returned to the granting agency.

(j) **Deferred revenue**—Income received to underwrite programs or facilitate programming not yet broadcasted as of the end of the fiscal year is deferred and recognized over the period in which the programming is aired. Grant and service contract awards received in excess of recognized revenues are reflected as deferred revenue in the statements of financial position.

**ALASKA PUBLIC MEDIA, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

(1) **Summary of Significant Accounting Policies:** (Continued)

(k) **Revenue recognition**—The Corporation recognizes support and revenue from a variety of sources, including but not limited to the following:

Contributions, including membership, pledges, and major gifts, are recognized when cash, securities or other assets; an unconditional promise to give or bequest; or a notification of a beneficial interest is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met.

Program sponsorships are contributions to the Corporation to support its programming or activities in the form of underwriting credit. Nothing of commensurate value is exchanged for underwriting credit, and the Corporation provides refunds for any underwriting revenues collected if the spots are not aired. Therefore, underwriting revenues contain a barrier to overcome and a right of return or a right of release of the obligation, and are recognized as revenue when the related underwriting credits are aired.

Grants for specific projects and activities are recognized as revenue when awarded and all conditions have been met. The Corporation receives cost-reimbursable grants where the contracts require a right of return or right of release of the obligation of any unspent funds. Revenue on conditional cost-reimbursable grants is recognized to the extent of costs incurred.

Revenues from production contracts, lease agreements, other rentals and services are recognized in the period earned or stipulated in the agreement, as performance obligations are satisfied.

(l) **In-kind contributions**—Contributed materials, supplies, facilities, and property are recorded at their estimated fair value at the date of donation. The Corporation reports gifts of equipment, professional services, materials and other nonmonetary contributions as support in the accompanying statements of activities.

If the fair value of contributed materials, supplies, facilities, and property cannot be reasonably determined they are not recorded. Donated personal services of nonprofessional volunteers, as well as national and local programming services, are not recorded as revenue and expense as there is no objective basis available to measure the value of such services.

Contributed advertising and promotion are recorded at the fair value of the contribution portion of the total value received.

(m) **Pledges and contributions**—The Corporation engages in periodic fundraising campaigns manifested by offering special programs and on-air and mail fundraising appeals. These appeals encourage supporters, both individuals and organizations, to provide financial contributions to the Corporation. Financial contributions are frequently evidenced by pledges received from responding listeners. Contributions, including unconditional promises to give and membership receipts, are recognized as revenue in the period received or given. Collected contributions and pledges are components of net assets without donor restrictions inasmuch as their usage is not limited to specific activities of the Corporation. This usage is consistent with appeals for contributions and pledges.

**ALASKA PUBLIC MEDIA, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

(1) **Summary of Significant Accounting Policies:** (Continued)

Contributions receivable are a component of net assets with donor restrictions as they are subject to implied time restrictions.

Conditional promises to give are considered conditional if the terms of the agreement include both a right of return of assets received/promised and a barrier to entitlement. Conditional agreements are not recognized as pledges receivable until the conditions and barriers on which they depend are met.

(n) **Functional expenses**—The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on time or effort.

(o) **Advertising costs**—Advertising costs are expensed in the period in which they are incurred. Advertising expense for the years ended June 30, 2022 and 2021 was \$57,213 and \$21,198, respectively.

(p) **Income taxes**—The Corporation is generally exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements.

The Corporation files income tax returns in the U.S. Federal and state jurisdictions. The Corporation's tax returns for the past three years are subject to examination by tax authorities, and may change upon examination. The Corporation has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes and determined that there are no uncertain tax positions that would have a material impact on the financial statements of the Corporation.

(q) **Corporation for Public Broadcasting Community Service Grants**—The Corporation for Public Broadcasting (“CPB”) is a private, nonprofit grant making organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grants (“CSG”) to qualifying public broadcasting entities. CSGs are used to augment the financial resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Code Annotated, Section 396(k)(7). In any event, each grant must be expended within two years of the initial grant authorization.

According to the Communications Act, funds may be used at the discretion of recipients for purposes relating primarily to production and acquisition of programming. Also, the grants may be used to sustain activities begun with CSGs awarded in prior years. Certain General Provisions must be satisfied in connection with application for and use of the grants to maintain eligibility and meet compliance requirements. These General Provisions mainly pertain to the use of grant funds, record keeping, audits, financial reporting, mailing lists, and licensee status with the Federal Communications Commission.

The CSGs are reported on the accompanying financial statements as increases in net assets without donor restrictions, provided they are spent in the same fiscal year they are received.

(r) **Recently issued accounting pronouncements**—The Financial Accounting Standards Board (“FASB”) issued new or modifications to, or interpretations of, existing accounting guidance during the year ended June 30, 2022. The Corporation has considered the new pronouncements that altered accounting principles generally accepted in the United States of America, and other than as disclosed

**ALASKA PUBLIC MEDIA, INC.**

**JUNE 30, 2022 AND 2021**

(1) **Summary of Significant Accounting Policies:** (Continued)

in the notes to the financial statements below, does not believe that any other new or modified principles will have a material impact on the Corporation's reported financial position or operations in the near term.

In September 2020, the FASB issued Accounting Standards Update 2020-07: *Not-for-Profit Entities* (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets, to increase the transparency of contributed nonfinancial assets through enhancements to presentation and disclosure. The Corporation adopted ASU 2020-07 for fiscal year 2022. There were no material impacts to the financial statements as a result of implementing this new standard.

In February 2016, the FASB issued Accounting Standards Update 2016-02: *Leases* (Topic 842), to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements. The standard (as amended) is effective for the Corporation's fiscal year ending June 30, 2023, and may be adopted early. The Corporation is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

(s) **Subsequent events**—The Corporation has evaluated subsequent events through January 12, 2023, the date on which the financial statements were available to be issued. No subsequent events have been identified or disclosed.

(2) **Liquidity and Availability:**

The Corporation manages liquidity and availability by monitoring all cash accounts. The process is completed on an as needed basis depending on the cash requirements of the business as its general expenditures, liabilities, and other obligations come due. To help manage unanticipated liquidity needs, the Corporation has a line of credit which it can draw on, as detailed in Note 12. Financial assets available for general expenditure, that is, without donor restrictions, or internal board designations limiting their use, within one year of the balance sheet date, comprise the following:

|  | 2022         | 2021         |
|--|--------------|--------------|
| Financial assets available within one year, at year end:                               |              |              |
| Cash and cash equivalents  | \$ 2,551,255 | \$ 2,848,019 |
| Accounts and pledges receivable  | 736,276      | 667,550      |

| Financial assets available to meet cash needs for general expenditures within one year | \$ 2,339,195 | \$ 2,227,765 |

The Corporation has investments of \$1,883,951 and \$2,142,632 at June 30, 2022 and 2021, respectively. The Corporation structures its financial assets to be available and liquid as its general expenditures, liabilities, and other obligations come due. Although the Corporation does not intend to liquidate assets other than for amounts needed for general expenditures budgeted during the year, these amounts could be made available if necessary. See Note 5 for additional information regarding investments.

The fair value measurement accounting literature provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Corporation has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation of other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at June 30, 2022 and 2021.

*Exchange Traded Funds* – Valued at quoted market prices in active markets (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Corporation believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The investments (all level 1 measurements) are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.
